Experience

03/2026– Present

Product Designer | Marzi by Primus, Bengaluru

- Designing 0-to-1 community app for adults 50+ in Indian cities, covering onboarding, home screen, event discovery, and engagement . Architected a non-linear Welcome Journey targeting 85% community engagement within 14 days, up from a 4% baseline

04/2024 – 09/2025

Product Designer | CLINIKK, Bengaluru

- Led 0-to-1 product design for CLINIKK's healthcare app (Android & iOS), shipping core flows across claims, tele-consultation, appointments, prescriptions, membership onboarding, and conversion
- Redesigned booking and claims experiences, driving a 20–25% increase in tele-consult bookings, 50% higher Membership tab engagement, and 12% growth in monthly claim submissions

02/2022 – 12/2023

Junior Designer | EduFund, Bengaluru

- Revamped key features across EduFund's mobile and web fintech platforms to elevate user engagement, retention, and conversion rates.
- Orchestrated the redesign of the Learn feature, achieving a 10% reduction in bounce rates and enhanced user engagement.
- Streamlined KYC and investment flows, reducing completion time and improving conversion rates by 5%.
- Conducted user research, competitor analysis, and usability testing to drive strategic design decisions.

06/2023 – 08/2023

Freelance UI/UX Designer (Contract) | Kwesto, Bengaluru

- Pioneered the end-to-end MVP prototype design, encompassing branding, UX flows, and user journey architecture.
- Formulated comprehensive UX documentation to facilitate product development and inform future iterations.

Education

- Master’s in English Literature – K.L.E’s Arts & Commerce, Gadag
- Google UX Design Professional Certificate, CALARTS UI/UX Design Specialization.
