Product Designer with 3.5+ years of experience in end-to-end product design, specializing in 0 to 1 MVP development for healthcare and fintech mobile applications. Experienced in user research, interaction design, conversion optimization, and KPI-driven UX improvements. Strong collaborator in Agile product teams, translating business requirements and operational pain points into scalable, data-driven digital experiences.

Experience

Product Designer, CLINIkk | Apr 2024 - Sep 2025

- Owned end-to-end product design for CLINIkk's mobile healthcare application (Android & iOS), building the MVP from scratch.
- Designed core product features including claims, appointments, tele-consultation booking, prescriptions, membership onboarding, profile management, and non-member conversion flows.
- Launched the Claims feature, driving a 50% increase in Membership tab engagement and 12% growth in monthly claim submissions.
- Led UX improvements for appointment and tele-consultation booking, resulting in a 20-25% increase in tele-consult bookings.
- Designed and shipped experiences supporting 40,000+ members and 100,000 monthly clinic visitors across 12 physical clinics; partnered with product, engineering, operations, and marketing to reduce operational queries via self-serve flows

Junior Designer, EduFund | Feb 2022 - Dec 2023

- Redesigned key features across EduFund's mobile and web fintech platforms to improve user engagement, retention, and conversion.
- Led redesign of the "Learn" feature, increasing engagement and reducing bounce rate by 10%.
- Revamped KYC and investment flows, reducing time-to-completion and improving conversion rates by 5%.
- Conducted user research, competitor analysis, and usability testing to inform design decisions.

Freelance UI/UX Designer (Contract), Kwesto | Jun 2023 - Aug 2023

- Led end-to-end MVP prototype design including branding, UX flows, and user journey architecture.
 - Developed comprehensive UX documentation to guide product development and future iterations.
